MODULAR
display solutions

Explore
your clients!

If you are not seen,
- you do not exist!

Modular possibilities provides freedom for creativity.

X-Module has set the standard, in our aim to bring simplicity; No tools, modular, versatile, easy to create your vision, - almost like toys...
From idea to finished product. Any business needs to show attention to attract growth.
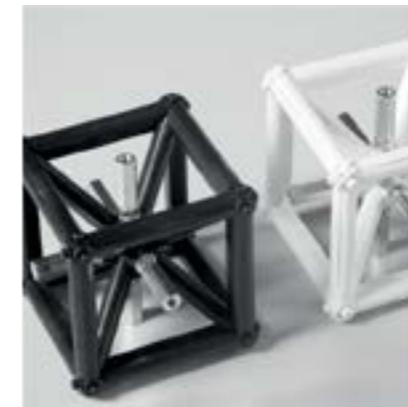

With our range of 4 profiles, our patented design and competitive prices, we bring a new solution to provide awareness and attention to all kind of business and trades basic needs. It's user-friendly. Anyone can participate from start to the finish; Show you exist.
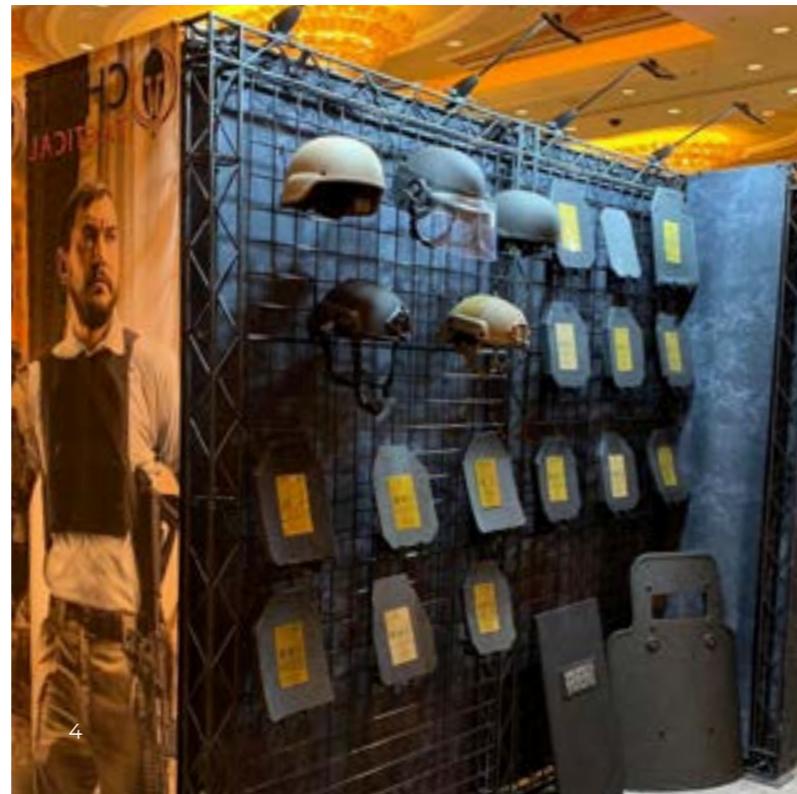

Design & function
- enhanced into use.

X-10 CROSSwire is a lightweight system, it is easy to assemble and extremely flexible. A system where function and design play together.

• Attractive prices

• Re-useable

• Easy to build

• Requires no tools

• Fits with all media

• Flexible in sizes

• Standard black, white & grey

X-10 CROSSwire ™

X-10 CROSSwire in 10 x 10 cm. Creativity has no limit!

The modular possibilities, without needing tools for assembly, gives the feeling of playing with toys. An easier solution, to bring image and background to important activities, does not exist.

Simply using components in the basic system has made every idea presented to us possible to execute. Add any product, image and profile to the display and you can make a standard product individual in an entirely new standard: The CROSSwire by 10 x 10 cm.

X·15 EXPOwire™

Danish design. Made in Denmark. Patent no. 001066500-0001 / 001066500-0002

X-15 EXPOwire in 15 x 15 cm. It starts to add up...!

X-15 EXPOwire arrived to enhance strength by using exactly the same design features as our X-10 CROSSwire. Being stronger, even more balanced in design, still no use of tools with only one screw pr. mounting, this product is setting the standard up to a higher level. It is the system to go with when you need some-thing extra out of your display. - But still easy and simple at competitive prices.

- Re-useable
- Outdoor & indoor use
- Easy to build
- Requires no tools
- Fits with all media
- Flexible in sizes
- Standard black, white & grey

Easy & fast to build
X-15 EXPO: Top strength

X-15 SEG

Danish design. Made in Denmark. European Patent no. 24 216 463.0 / 24 216 462.2

- Seamless banner coverage
- Fast & tool-free assembly
- Modular system with flexible sizing
- Long-term reuse across setups
- Strong, stable & test-proven
- Outdoor & indoor use
- Optimized for SEG media
- Easy to use & expand

X-15 SEG in 15 x 15 cm. Innovative seamless system.

X-15 SEG combines strength, flexibility, and simplicity in one refined exhibition system. Built on the modular principles of the X-15 platform, it offers high stability and fast, tool-free assembly — enhanced with integrated SEG channels for seamless fabric graphics.

Using identical modules across endless configurations, X-15 SEG enables tailored solutions for exhibitions, trade shows, pop-ups, and retail environments. The strong, test-proven construction with improved crosses ensures exceptional rigidity, while integrated SEG channels deliver full banner and fabric graphic coverage for a clean, professional finish.

# Seamless. Strong. Simple
- frame covered finish

Our X-15 SEG system is built with perfectly designed channels, allowing you to simply slide banners into the corners and then along each side to achieve a seamless and polished finish.

Inside corners

Banner mounting on corners

X·20 TRUSSwire™

Danish design. Made in Denmark. Patent no. 001721960-0002/ 001721960-0001

- Foldable system
- Re-useable
- Outdoor & indoor use
- Easy to build
- Fits with all media
- Flexible in sizes
- Optimized for minimal storage
- Standard black, white & grey

X-20 TRUSSwire in 20 x 20 cm. Patented foldable profile

A combination of the narrow simplicity of nature's own engineering combined with an innovative design to make it foldable, has brought an entirely new level of possibilities.

The patented, foldable design saves the usual large expense of transport and storage. The light design supports use for new ideas in exhibiting and events. For events and exhibitions a powerful image will support flexibility for any challenge given. X-20 TRUSSwire has proven to be signature base frame for trademarks of global impact.

▶ X-20 video

Unfold your potential
- even without tools!

Easy to store and quick to set up.
The need to combine function
and strength, where design and
ele-gance has been kept intact.
X-20 TRUSSwire sets the standard.
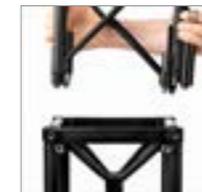

Outdoor and large events
Funktion & flexibility
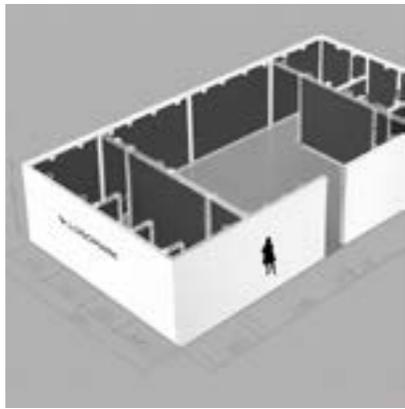

X-20 TRUSSwire can be used both outdoor and for large events. The possibilities with expanded component accessories for untraditional use has given this product a potential that reaches outdoors for multiple uses.

TESTIMONIALS

What our clients and partners say about their experience working with us

"
It's a highly flexible system. We strongly recommend this system.

CARLO GAVAZZI

"
Very affordable, light, firm and so easy to use modular display solution

COMIC CON BALTICS

"
They abide agreements and the quality is top notch. I can highly recommend a collaboration with X-Module

FTZ

"
Allowed us to be creative in the way we do marketing but also more time-efficient both before and after the event.

ELGIGANTEN

"
The possibility to cover the structure with graphics, made the X15-SEG the perfect replacement for wooden stands.

FRIMETAL

"
Just two people built the entire display in only five hours. We highly recommend it

NORDAHL ANDERSEN

ACCESORIES

Lights: Premium exposure

Bases: Solid stability

iPad holder: Boost engagement

Brochure holder: Easy handouts

Shelves: Elegant presentation

Screen integration: Dynamic content
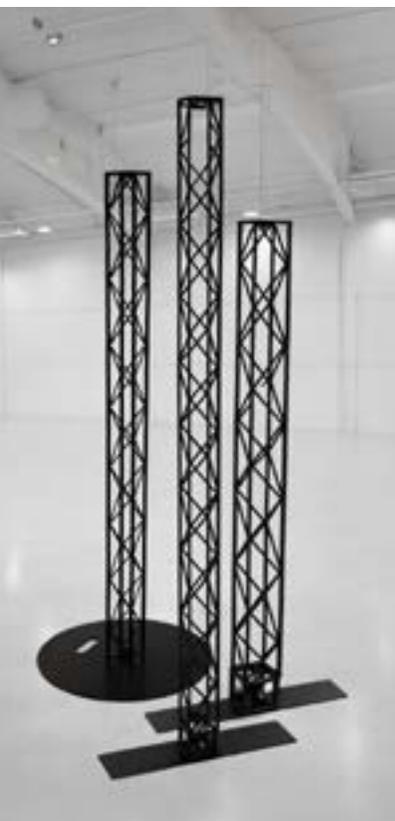

Accessories that add impact to every setup

Expand your X-Module solutions with a full range of modular accessories for X-10, X-15, X-15 SEG and X-20 — from powerful integrated lighting and stable feet to brochure holders, shelves, brackets, iPad mounts and device integration.

The accesories give you the freedom to build, upgrade and create high-impact setups that fit any space. Every accessory is engineered to enhance engagement, increase utility and boost visual impact.

▶ X-ZoomLight video

X-ZOOM light

- • Quick and easy setup
- • Visually impressive with great impact
- • Flexible
- • Easy truss installation
- • Connectable rails
- • Light beam adjustable

X-zoom Light – Flexible Track Lighting System

The X-zoom light is a highly flexible track spotlight system that is quick and easy to install. The light beam can be adjusted from 25–60° by simply rotating a discreet rubber ring at the front, allowing you to choose between focused light or a wider spread for general exhibition lighting.

The system mounts into a power track which is easily attached to a truss using click-on brackets, and multiple tracks can be connected with a short connector cable. With 30W output, 4000K CCT, 2400–2600 lm, CRI 80 and a power factor of 0.9, it delivers a strong visual effect with professional performance and maximum flexibility.

X·TOTEM

EP Appl. No. 23 158 453.3. Pub. No. 4 421 781

- Foldable
- Pre-installed lights and drivers.
- Textile banners
- Produced & manufactured in Europe
- Lightweight construction
- Easy to fold and transport
- Available with battery

The ultimate tool for enhancing your visual appeal

Features a sleek and lightweight design that can be easily folded and transported, making it ideal for pop-up shops, trade shows, retail or anywhere you want to draw attention to your products. X-totem is available in multiple versions: non-illuminated, illuminated with plug-in power, or battery-powered for maximum flexibility.

Available heights are 60, 110, 160, and 210 cm (note: size 210 is not available with battery). Upgrade your point of sale or tradeshow with X-totem and create a captivating destination for customers. Contact us today to learn more.

TROLLEY

Safe and reliable module transport made easy by design

Transporting exhibition materials is easy with our new trolleys – stronger than ever. The durable design ensures safe transport of your modules from A to B, and the protective wheel fenders help prevent damage during use. Built for professional handling, the trolley is made to last and is available in stock.

Durability has been our main focus, with premium 1680D textile, reinforced stitching at the handles, and a reinforced steel base. An aluminium protective fender around the wheels and a high-quality zipper complete the design. The trolley is available in three different sizes to match your needs.
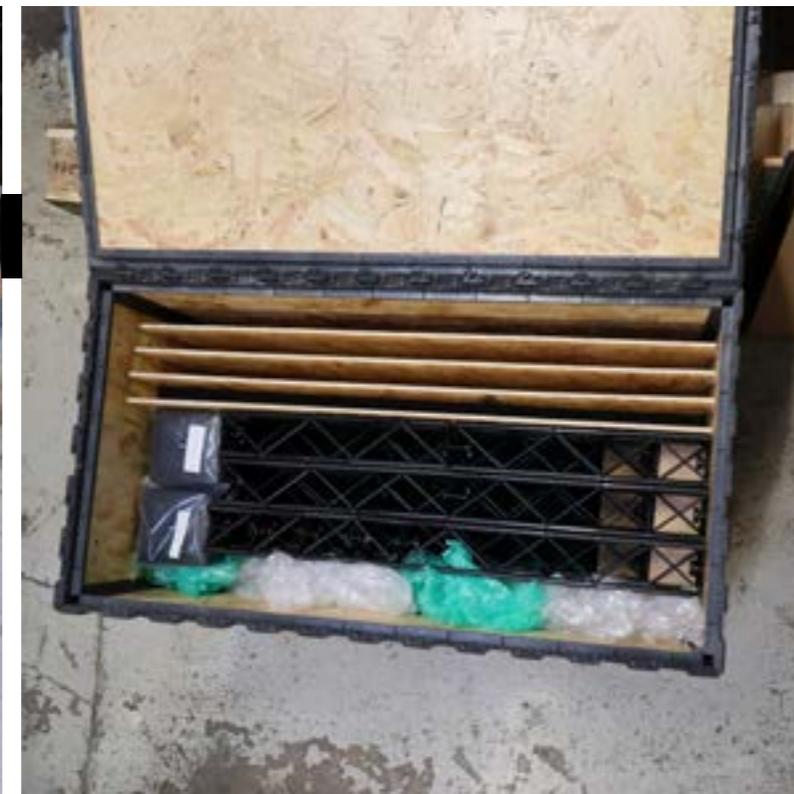

- Aluminium wheel shield
- Made from premium 1680D textile
- Reinforced steel base
- Reinforced stitching at the handles
- High-quality zipper

F-10 flight CASE™

Danish design. Made in Denmark. Patent no. 003621135-0001

- Highly competitive pricing
- High quality
- Strength-tested for proven durability
- Durable light weight elements
- Special demands are possible
- Shock-resistant interlocking panels

The F-10 flightCASE offers protection in all sizes

The F-10 flightCASE is designed to transport and store your exhibition products safely. With bulky edge modules and high-end wheels, it delivers strong impact resistance and secure handling during transport. The strength has been tested, ensuring reliable protection of your goods.

The flightcase is modular in 10 cm steps, making it easy to order the exact size you need. It is available as a ready-to-use unit or as a smart click-assembly kit with prefabricated panels for fast setup and compact shipping. Designed and manufactured in Denmark with high quality materials.
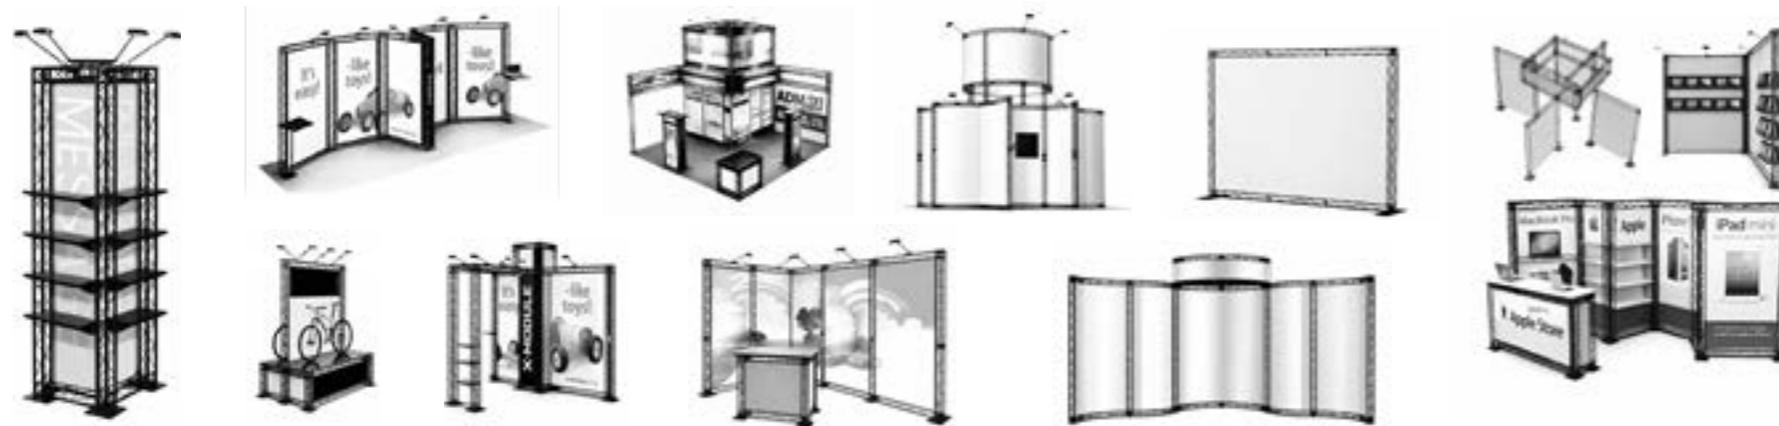

X·SKETCH™
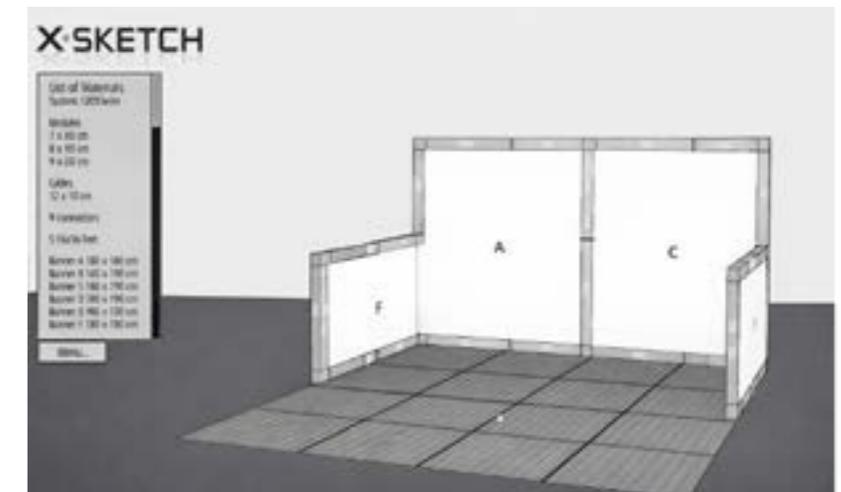

Design your own exhibition stand in less than 2 min.

Being available both on our website or directly on www.x-sketch.com in neutral version you have a software that provides the most simple way to build a stand in less than 2 minutes. Draw your stand by pulling walls up from the floor. Move them, add accessories and import images with just a few clicks. It couldn't be easier....

We are also happy to help with your design! If you need assistance, inspiration, or a complete stand design, our team is ready to support you.

Material: Steel

Part no. 5548
Slat bracket 90 cm
Weight: 1,600 kg
Material: Steel

Part no. 5549
Slat bracket 105 cm
Weight: 1,900 kg
Material: Steel

Part no. 5553
Slat bracket 120 cm
Weight: 2,200 kg
Material: Steel

Part no. 3116
Hook 20 cm long for slat bracket
Weight: 0,050 kg
Material: Steel

Part no. 5560
LCD/ multi bracket 600x400 wood, black
Weight: 5,000 kg
Material: Steel & wood

Part no. 5561
Door with lock 90x210 cm WxH
Weight: 30 kg
Material: Steel, composite & aluminium
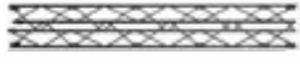

Part no. 5562
Door with lock 90x225 cm WxH
Weight: 31 kg
Material: Steel, composite & aluminium

e Malessert

X·20 TRUSSwire™
Element list
Patent no. 001721960-0002/ 001721960-0001

Part no. 4004
Module   160 cm
Weight: 3,800 kg
Material: Composite and aluminium

Part no. 4009
Module   180 cm
Weight: 4,300 kg
Material: Composite and aluminium

Part no. 4005
Module   200 cm
Weight: 4,700 kg
Material: Composite and aluminium

Part no. 4010
Cube
Weight: 1,400 kg
Material: Composite

Part no. 4011
Connector
Weight: 0,125 kg
Material: Composite

Part no. 4014
Extension   20 cm
Weight: 0,500 kg
Material: Composite and aluminium

Part no. 4001
Module   40 cm
Weight: 1,000 kg
Material: Composite and aluminium

Part no. 4060
Flat Module   40 cm
Weight: 0,450 kg
Material: Composite and aluminium

Part no. 4006
Module   60 cm
Weight: 1,500 kg
Material: Composite and aluminium

Part no. 4061
Flat Module   60 cm
Weight: 0,700 kg
Material: Composite and aluminium

Part no. 4002
Module   80 cm
Weight: 2,000 kg
Material: Composite and aluminium

Part no. 4062
Flat Module   80 cm
Weight: 0,950 kg
Material: Composite and aluminium

Part no. 4007
Module   100 cm
Weight: 2,400 kg
Material: Composite and aluminium

Part no. 4063
Flat Module   120 cm
Weight: 1,400 kg
Material: Composite and aluminium

Part no. 4003
Module   120 cm
Weight: 2,900 kg
Material: Composite and aluminium

Part no. 4066
45° Curve Module 110 cm R 140 cm
Weight: 1,200 kg
Material: Composite and aluminium

Part no. 4008
Module   140 cm
Weight: 3,400 kg
Material: Composite and aluminium

Part no. 4067
22,5° Curve Module 110 cm R 280 cm
Weight: 1,200 kg
Material: Composite and aluminium

Part no. 4020
30 x 30 cm standard base
Weight: 0,850 kg
Material: PEHD

Part no. 4021
40 x 4 0 cm heavy base
Weight: 8,000 kg
Material: Metal reinforced PEHD

Part no. 4024
40 x 80 cm heavy base
Weight: 26,000 kg
Material: Metal reinforced PEHD

Part no. 4022
20 x 20 cm standard base
Weight: 0,375 kg
Material: PEHD

Part no. 4026
Foot for slabs (for 40x40 cm concrete blocks)
Weight: 9,000 kg
Material: Steel

Part no. 4027
Steel base Ø60 cm
Weight: 17,000 kg
Material: Steel

Part no. 4054
Ipad holder, lockable
Weight: 0,200 kg
Material: Composite

Part no. 4048
A5 Brochure holder
Weight: 0,400 kg
Material: Alummium

Part no. 4048
A4 Brochure holder
Weight: 0,450 kg
Material: Alummium

Part no. 4050
Multi Bracket
Weight: 0,100 kg
Material: Aluminium

Part no. 4030
Top clips in-door
Weight: 0,005 kg
Material: ABS

Part no. 4031
Bottom clips in-door
Weight: 0,005 kg
Material: ABS

Part no. 4032
Clip with spring
Weight: 0,015 kg
Material: ABS & elastic

Part no. 4033
Clip, full face
Weight: 0,015 kg
Material: POM

Part no. 4013
Flat Connector - 2 pcs./set
Weight: 32 g/2 pcs.
Material: Composite

Part no. 3045
Alu list with tape - pr. m.
Weight: 0,110 kg - pr. m.
Material: Aluminium

Part no. 4052
LCD bracket, set of 2 pcs.
Weight: 1,133 kg
Material: Steel

Part no. 4051
M6 scew w/o-ring TW
Weight:
Material: PA6
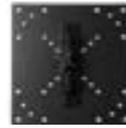

Part no. 4053
LCD Center bracket max VESA 200
Weight: 1,5 kg
Material: Steel

Part no. 4012
Hinge
Weight: 0,450 kg
Material: Composite

X-TOTEM
Element list
EP Appl. No. 23 158 453.3

Part no. 6001
60 cm with light
Weight: 4,200 kg
Material: Composite & steel

Part no. 6002
110 cm with light
Weight: 5,500 kg
Material: Composite & steel

Part no. 6003
160 cm with light
Weight: 6,800 kg
Material: Composite & steel

Part no. 6004
210 cm with light
Weight: 8,100 kg
Material: Composite & steel

Part no. 6005
60 cm without light
Weight: 3,600 kg
Material: Composite & steel

Part no. 6006
110 cm without light
Weight: 4,900 kg
Material: Composite & steel

Part no. 6007
160 cm without light
Weight: 6,200 kg
Material: Composite & steel

Part no. 6008
210 cm without light
Weight: 7,500 kg
Material: Composite & steel

Part no. 6018
60 cm with 4H battery time
Weight: 5,700 kg
Material: Composite & steel

Part no. 6019
60cm with 8H battery time
Weight: 6,700 kg
Material: Composite & steel

Part no. 6020
60 cm with 12H battery time
Weight: 7,700 kg
Material: Composite & steel

Part no. 6021
110 cm with 4H battery time
Weight: 7,000 kg
Material: Composite & steel

Part no. 6022
110 cm with 8H battery time
Weight: 8,000 kg
Material: Composite & steel

Part no. 6023
110 cm with 12H battery time
Weight: 9,000 kg
Material: Composite & steel

Part no. 6024
160 cm with 4H battery time
Weight: 8,300 kg
Material: Composite & steel

Part no. 6025
160 cm with 8H battery time
Weight: 9,300 kg
Material: Composite & steel

Part no. 6026
160 cm with 12H battery time
Weight: 10,300 kg
Material: Composite & steel

Part no. 6011
Black tabletop Ø60 cm.
Weight: 1,000 kg
Material: Compact laminate

Part no. 6061
White tabletop Ø60 cm.
Weight: 1,000 kg
Material: Compact laminate

Part no. 6015
Steelbase Ø60 cm (Indoor use)
Weight: 17,000 kg
Material: Steel

Part no. 6014
Stainless steelbase Ø60 cm (Outdoor use)
Weight: 17,000 kg
Material: Stainless steel

Part no. 6017
Ipad holder
Weight: 0,200 kg
Material: Composite

Part no. 6016
A4 Brochure holder
Weight: 1,000kg
Material: Aluminium

Part no. 6013
Reusable nylon strap
Weight: 0,100 kg
Material: Nylon & steel
