

# X-TOTEM

## ASSEMBLY INSTRUCTION - step by step

1

Take the X-totem out of the box, -lift at the bottom of the X-totem. Place the X-totem on a level surface.

2

Raise the X-totem by lifting at the top plate, until first knee joint folds out.

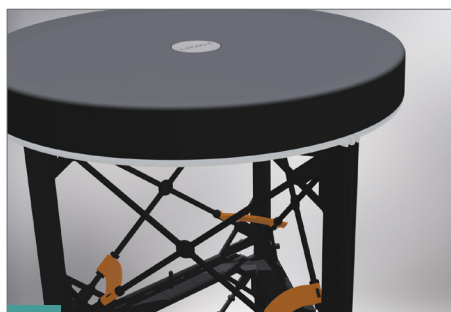

3

Click the 3 orange safety clips into the locked position for the raised level.

4

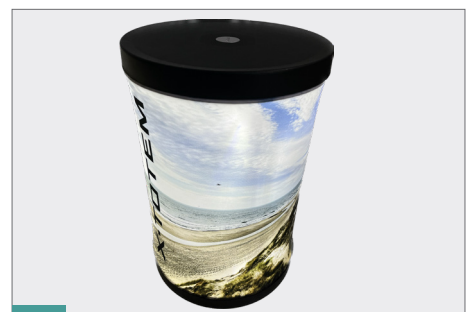

Repeat pos. 2 and 3 until your X-totem is fully raised/unfolded.

5

Start adding the banner all the way around the top. Make sure to get an even tension on the banner, all around the top. Insert the banner down one of the two vertical slots, and then add the banner all the way around the bottom. Finally insert the banner into the last vertical slot.

**OBS:** If you need to use the center screw on the X-totem for attaching a display/other, do this before start attaching the banner.

6

Insert the power plug into the socket (the X-totem will illuminate), and enjoy the X-totem.

# When folding down the X-totem (at end of use), reverse the instructions from pos. 6 to pos. 1.
